BIOSECURITY INFORMATION

Queensland Chamber of Agricultural Societies has instructed us that it requires our Society to obtain from ALL horse competitors prior to their competing in our 2015 Show, a completed Horse Health Declaration. A copy of this Declaration is included in this Schedule.

Please ensure that you complete this Declaration and return same to our office, either at the time of forwarding your application for stables/camping or when obtaining your first event tickets. Please note that we will retain copies of the submitted Declarations on file and will need to check that we do in fact hold your Declaration prior to your being permitted to compete in any event.

Animals demonstrating signs of illness must not enter our grounds. Should anyone observe an animal showing signs of illness, you should immediately contact our office.

Should it be necessary to instigate a lockdown of our grounds, any person refusing to stay is required to lodge their details with our office prior to leaving, to enable contact to be made with that person should it become essential. Please note our Society will not be responsible for any costs to any person remaining during the lockdown period.

To minimize the possibility of spread of any disease during our show, we request competitors to follow the listed procedures.

1. Minimize your contact and your horses' contact with other people's horses.
2. Monitor and restrict public access to your animals as practical. Encourage any public having contact with your animals to wash their hands.
3. Carry your own personal protective equipment such as disposable gloves, overalls, boots/boot covers, safety glasses, face masks etc
