

Procedure for registration of a Part Bred Morgan

For a part bred Morgan to be eligible for registration with MHAA, one of its parents must be a pure bred Morgan horse registered with MHAA or AMHA

Only the validated current owner of the part bred Morgan may apply for registration.

Micro chipping is required to complete registration for all Part Bred Morgans from 1st June 2019. Microchip number must be included on Application for Registration, Notification of Gelding and Transfer Applications.

Registered MHAA stallion owners must return an annual Stallion Service Report to the Registrar by 30th June each year, and provide a service certificate to the owner of each mare for each cover listed on the report.

Part bred Morgans can become registered at any age provided the following paperwork is completed and submitted to the Registrar:-

By the Stallion owner:

A: Stallion Service report

By the Mare owner:

A: Service Certificate (as provided by Stallion owner)

B: Notification of Birth (optional)

C: Application for Registration, correctly completed

D: Notification of Gelding, if applicable

E: The appropriate fee/s paid as detailed in the Fee Schedule

Part bred colts are not eligible for registration until they have been gelded. A Notification of Gelding form signed, as examined or executed, by a vet must be forwarded to the Part Bred Registrar for the registration to proceed.

Upon the sale of a part bred Morgan horse, a Transfer of Registration form is to be completed and returned to the Registrar along with the original Certificate and the appropriate fee.

MHAA reserves the right to conduct parentage validation of any registered part bred Morgan. When a part bred is selected for parentage validation, the owner will be responsible for the veterinary cost of DNA collection. MHAA will bear the cost of DNA typing and validation by laboratory as used at the time by MHAA. In the event that validation indicates that the parentage is invalid, registration will be cancelled and registration and any other costs will be forfeited by the owner. Should the parentage be valid, the MHAA will refund the owner the cost of DNA collection.

All fees regarding registration/ownership of Part bred Morgan horses shall be as, from time to time, determined by the Board of Directors and published in the Association newsletter and on the website.
